## Phoenix, Arizona Search Engine Optimization (SEO)

Achieving a high search engine ranking is indeed realistic. But it is not as simple as it sounds. Which search engines are most important to score well in? Which ones update most frequently? Which are most reliable? Also, how many pages and key phrases should you compete with? Search engines can change their criteria for rankings without warning.

With fierce competition to appear close to the top of Google, Yahoo, and MSN searches, you need an expert in search engine optimization (SEO). With over 150 years of total team experience in Search Engine Optimization, our Search Engine Optimization consists of:

### Keyword Research

- 15 &ndash; 20 key word phrases
- Search Engine Optimization:
- Creation and tweaking of title and Meta tags
  - HTML analysis and identification of spider blocking codes
- On page optimization and insertion of spider baits
- Website and Competition Analysis as viewed in:

- Google
  - Yahoo
  - MSN
- Search Engine Submission Management
- Maintenance and reporting

If you really want to make money from your web site, hire our Phoenix SEO professional, who specializes in search engine optimization and can help you with better search engine placements for your website.
