
Arizona Cheap Hosting Package | Phoenix AZ Web Hosting Packages

Phoenix Arizona Cheap Web Hosting

Arizona web hosting company eChazen offers completely customized web hosting account creations for you. Because of this, we do not perform automated hosting account creation. You must contact us and let us know what your needs are. We can then work with you on pricing and create your hosting account. Web hosting has become more affordable in recent years.

We are a premium web hosting company in Arizona and all of our hosting plans come with the following:

- Unlimited Email Accounts
- Unlimited MySQL Databases
- Parked Domains
- Addon Domains
- cPanel Control Panel
- Frontpage Extensions
- Fantastico Deluxe!
- Unlimited Mailing Lists
- Webmail
- pop3 Email
- Email Forwarding
- Email Autoresponding
- Email Aliases
- Catch-all Email
- Feature
- IMAP Server
- SMTP Server
- Spam Filtering
- Email Virus Protection
- Email Manager
- Mailing Lists Manager
- CGI
- Perl
- PHP
- PHPmyAdmin
- Python, Tcl C, C++
- Hotlink Protection
- Sendmail Support
- Customizable 404
- Error Pages
- Detailed Web
- Statistics
- File Manager
- Crontabs
- Search Engine Submission
- Daily Backups
- ...and so much more!

The only differences between our plans are the disk space and bandwidth.
