## eChazen Company History | Phoenix Arizona Web Design and Development Firm

Company History Today, eChazen Internet Solutions, LLC. is based in the sunny Metro Phoenix area. In 1997, eChazen was founded under the name of Jet Designs in Laie, Hawaii, minutes away from the awesome surfing waves on the North Shore of the Island of Oahu. In 2002, the name was changed to eChazen Internet Solutions when the company moved to Mesa, AZ.

In its humble beginnings, eChazen had only one employee. Today, eChazen has 4 website designers, 3 developer/coders, 3 flash designers, 2 logo designers, and a team of programmers and application developers from around the world.

eChazen Internet Solutions has diverse client portfolio including mid-range companies and organizations to high-growth entrepreneurs.
